

Financial news for ORI dated on 2020-06-11: Shares of several financial services companies are trading lower following an increase in coronavirus cases in some US states that have reopened, leading to concerns of a second wave of the virus. The Fed kept rates at zero and noted it could stay there for as long as it takes for the economy to recover.

Financial news for ORI dated on 2020-06-05: Shares of several financial services companies are trading higher following strong US jobs data and continued optimism amid the reopening of the economy.

Financial news for ORI dated on 2020-05-26: Shares of several financial services companies are trading higher as equities gain amid coronavirus vaccine hopes as well as a pickup in economic activity as some US states reopen businesses.

Financial news for ORI dated on 2020-05-13: Shares of several companies in the financial services sector are trading lower amid market weakness, potentially related to cautious comments from Fed Chair Powell, who suggested uncertainty and 'significant' downside risks in the economy. The coronavirus pandemic has slowed economic growth and led to businesses scaling back investment, which has negatively impacted the financial sector.
