

Financial news for MAIN dated on 2020-06-11: Shares of several financial service companies are trading lower following an increase in coronavirus cases in some US states that have reopened, leading to concerns of a second wave of the virus. The Fed kept rates at zero and noted it could stay there for as long as it takes for the economy to recover.

Financial news for MAIN dated on 2020-06-05: Shares of several financial services companies are trading higher following strong US jobs data and continued optimism amid the reopening of the economy. A reopening will likely result in more consumer spending and borrowing.
