

Financial news for TDY dated on 2020-05-14: Shares of several industrial companies are trading lower amid market weakness following US unemployment data and recent cautious comments from the WHO. Sentiment is also negative following cautious comments from Fed Chair Powell and bearish outlook from some major US investors on Wednesday. Cautious economic sentiment has potentially hampered the outlook for industrial output and investment.

Financial news for TDY dated on 2020-04-29: Shares of several technology companies are trading higher amid market strength following positive data from a study of Gilead's Remdesivir, which is being evaluated for coronavirus. A successful treatment could mean a sooner return to economic activity. NOTE: Some names may also be moving in sympathy following recent earnings from Google and some semiconductor companies.
