

Financial news for CX dated on 2020-06-09: Shares of several basic material companies are trading lower as equities sell off following the recent rally. Stocks have rallied over the past week amid optimism towards the US economy reopening and investors have potentially taken some profits following run up. NOTE: Investors are awaiting the FOMC meeting on Wednesday.

Financial news for CX dated on 2020-06-05: Shares of several basic materials companies are trading higher following strong US jobs data and continued optimism amid the reopening of the economy. These have lead hopes of an economic rebound and an increase in materials demand.

Financial news for CX dated on 2020-06-02: Shares of several basic materials companies are trading higher amid market strength as investors watch for continued US business reopenings, which could lead to a rebound in economic activity and demand for materials.

Financial news for CX dated on 2020-05-27: Shares of several basic materials companies are trading higher amid economic optimism as some US states reopen businesses and investors weigh vaccine progress. A pickup in economic activity would be a potential positive catalyst for basic materials demand.

Financial news for CX dated on 2020-04-29: Shares of several basic materials companies are trading higher following positive data from a study of Gilead's Remdesivir, a potential coronavirus treatment candidate. A successful treatment could make a sooner return to economic activity and investment

Financial news for CX dated on 2020-04-28: Shares of several basic material companies are trading higher for the session as some US states ease lockdown restrictions and as investors weigh quarterly earnings from blue chip companies.

Financial news for CX dated on 2020-04-15: Shares of several material stocks are trading lower amid a warning that oil demand will reach a 25-year low. This has negative implications for industrial production and construction.

Financial news for CX dated on 2020-04-09: Shares of several basic material companies are trading higher amid overall market strength after the US Federal Reserve announced a further \$2.3 trillion in financing programs to support the economy.

Financial news for CX dated on 2020-04-07: Shares of several basic materials companies are trading higher amid positive market sentiment on optimism of coronavirus cases in some hotspots potentially leveling off. Slowing cases could mean a sooner return to economic activity.

Financial news for CX dated on 2020-03-31: Shares of several basic materials companies are trading higher, potentially rebounding from this quarter's weakness.
